QUICKKART SPECIAL CASES AND ACCOUNT RULES

Version 1.5 | Effective 1 September 2026

(Fictional policy written for a RAG learning project. QuickKart is not a real company.)

SECTION 1: DELIVERY OTP

1.1 Orders with a total value above Rs. 1,500 require a 4-digit delivery OTP. Share the OTP with the delivery partner only at your door.

1.2 Without the OTP, the delivery partner will not hand over the order.

SECTION 2: TIPS

2.1 Tips are optional and 100% of the tip goes to the delivery partner.

2.2 A tip is refunded only if the order is cancelled before pickup. Once an order is delivered, the tip is not refunded, even if the order was late.

SECTION 3: ORDERS WITH MORE THAN ONE ISSUE

3.1 If an order has more than one problem, for example it arrives late and also has a missing item, each problem is handled separately and both resolutions apply. You receive the late-delivery credit from the Late Delivery Policy and the refund for the missing item from the Refund Policy.

SECTION 4: FREQUENT CLAIMS REVIEW

4.1 Accounts with more than 5 refund or compensation claims in any 30-day period are reviewed manually. The review can take up to 3 working days, and automatic credits are paused during the review.

SECTION 5: REPEATED CANCELLATIONS

5.1 An account that cancels more than 3 orders within 7 days after the free cancellation window loses the 2-minute free cancellation for the next 14 days. The cancellation fee applies during that period.

SECTION 6: PER-ITEM LIMITS

6.1 Items on promotion are limited to 3 units per order.
